3M™ Marine Metal Restorer and Polish

3M Part No.(s)	3M Part Descriptor(s)
09018	3 oz. tube
09019	18 oz. tub

Description

Designed to restore and polish stainless steel, brass, bronze, copper, chrome, aluminum, and other marine metals by removing surface rust, oxidation, corrosion and tarnish. Restores luster.

Features

- Aggressive formulation
- Concentrated formulation
- Restores original luster
- Polishes

Typical Physical Properties

Color	Pink
Consistency	Paste
Odor	Mild Ammonia

Performance Properties

Application Information

Directions for Use

Surface Preparation:
Clean surface with 3M™ Marine Multi-Purpose Boat Soap (light duty), other remaining contaminants can be removed with 3M™ General Purpose Adhesive Cleaner, P. N. 08984.

When using solvents, use in a well ventilated area. Extinguish all sources of ignition in the work area and observe proper precautionary measures for handling such materials. Refer to product label and MSDS for further precautions.

Local and Federal air quality regulations may regulate or prohibit the use of surface preparation and cleanup materials based on VOC content .

Consult your Local and Federal air quality regulation.

Selection:

For stainless steel, brass, bronze, copper, chrome, and other marine metals, 3M™ Marine Metal Restorer and Polish is recommended for removing surface rust, stains, oxidation, corrosion and tarnish. 3M™ Marine Metal Restorer and Polish has a light abrasive action that will restore the original luster of the metal. High gloss will be returned to parts with original high polished surfaces. Test for suitability on brushed and matted surfaces.

Not recommended for painted , anodized or clear coatings which may have been applied to the metal. Will not remove severe pitting of metal.

Application:

Hand Application:

1. 3M™ Perfect-It™ Wax and Glaze Wipes or Scotch-Brite™ High Performance Cloths are recommended for application.
2. Apply material to small area using a soft, clean cloth.
3. Rub **aggressively** using short strokes.
4. Keep turning the cloth as more material is applied.
5. Buff to a high luster using a clean, soft cloth.

Do not allow to haze.

Cleanup:

3M™ Perfect-It™ Wax and Glaze Wipes or Scotch-Brite™ High Performance Cloths are recommended to remove residue from surface.

Applications

Cleaning and polishing of:

- Deck hardware
- Cleats
- Thru hulls
- Stantions
- Rails
- Ladders

Storage and Handling

Recommended Storage Temperature Range : 60F to 80F

Expected Shelf Life at Recommended Storage Temperature : 36 Months
