DUPLI-COLOR AEROSOL ART CHROME

Technical Information

High-gloss effect spray, which gives a long-term look similar to polished gold resp. chrome to smooth surfaces. Suitable for all smooth surfaces like metal, wood, glass and many coatable plastics.

Ord.-no: 738760, 775406, 429309, 722707

Quality & properties

High-grade acrylic quality
Resistant to water and common houshold cleansers
Not weather resistant
Not resistant to abrasion, therefore not suitable to spray on objects for daily use. Effect of gloss can change by intense rubbing or wiping
Colour of contents similar to cap
Very good coverage
Very high gloss
Excellent adhesion
Quick-drying
Good flow, smooth surface

Physical & chemical data

Base: Acrylic resin
Colourname:
- gold
- copper
- silver

Smell: Characteristic
Degree of gloss: high gloss, >85
Efficiency:
- 400 ML – 1,2 m²
- 400 ML – 1.2 m²

Dust dry: 10 min
Dry to touch: 60 min
Completely dry: 24 h
Surfaces: metal, wood, glass and many coatable plastics
Minimum Working Temperature: 10 °C
Maximum Working Temperature: 25 °C
Flash point: n.a.
Storage stability: 10 years
Content: 400 ML

DUPLI-COLOR AEROSOL ART CHROME

Technical Information

How to use

The ground has to be clean, dry and free from rust and fat.
Absorbant surfaces have to be primed with Aerosol Art Primer.
Mask off areas not to be painted.
Before use, shake can for 3 minutes.
Test spray at an invisible spot.
Spray from a distance of 20 - 30 cm.
Spray in 2 minute intervals several thin coats.
Important: Due to technical reasons it is not possible to conserve the excellent high gloss. A coating with clear lacquer would etch the effect painting. The only possibility to renew the gloss is to apply a new coat of the effect spray.
Do not spray over surfaces which are painted with synthetic resin lacquer!

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as “special refuse”.

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of August 4, 2025 – This release replaces all eventually earlier issued versions.
